

Will you join the **Yellow Napkin Project** as a distribution partner during the month of March?

During Developmental Disabilities Awareness Month in March, Shangri-La and Yellow Napkin Project partners aim to distribute 10,000 yellow napkins to community members. The napkins feature five different disability etiquette and awareness messages, like the one shown to the right.

How it works:

- Shangri-La will provide you with yellow, dinner-sized napkins **at no cost to you**.
- You decide how many napkins you want to distribute.
- Distribute the napkins to your customers throughout March or until your supply is depleted.
- Post at least once about participating in the Yellow Napkin Project on your social media.
- Shangri-La includes mention of you as a distribution partner in their marketing (social media, newsletter, website, etc.)

Register by Feb. 17 (the sooner, the better, though!) to be a Yellow Napkin Project distribution partner online at: <https://cetshangrila.typeform.com/YNPpartner> or scan the QR code with your smart device.

Shangri-La will deliver napkins to your business on Feb. 27 or Feb. 28.

Shangri-La is a 501c3 non-profit organization helping individuals with disabilities and families with disadvantages reach their potential. www.ShangrilaOregon.org
